

Helping Local People in Need

Ware Charities

in Ware, Wareside & Thundridge

For 600 years, Ware Charities has addressed economic hardship in our community. Originally providing almshouses, we now offer financial support to individuals, families, and local organisations.

We welcome referrals and requests from individuals for grants to cover a wide range of practical needs—including everyday items like household goods, school uniforms, and education expenses. We also encourage community groups and clubs that support local people in need to enquire about funding opportunities.
